

Seminar on Climate Change and Ecological Resources in California

FRIDAY, JUNE 6, 2008
Sacramento, California

Agenda

- 10:00 - 10:10 am** **Introductions**
Amber Pairis (CA DFG) & Sarah Pittiglio (CEC)
- 10:10 – 10:30 am** **Climate Trends in California and Effects on Migratory Birds**
Judsen Bruzgul, Stanford University
- 10:30 – 10:50 am** **Climate Change Impacts on Water: Seasonality & Precipitation**
Tom Suchanek, U.S. Geological Survey
- 10:50 – 11:10 am** **Grinnell Resurvey Modeling Project**
Craig Moritz, UC Berkeley
- 11:10 – 11:20 pm** **Break**
- 11:20 – 11:40 am** **Invasive Species and Climate Change**
Doug Johnson, California Invasive Plant Council
- 11:40 – 12:00 pm** **Impacts of Climate Change on Marine Ecosystems**
Laura Rogers Bennett, CA DFG Bodega Marine Lab
- 12:00 – 12:45 pm** **Lunch**
- 12:45 – 1:05 pm** **Climate Change and Wildfire in California**
Tony Westerling, UC Merced
- 1:05 – 1:25 pm** **Vegetation Ranges on the Western Slope of the Sierra Nevada**
Jim Thorne, UC Davis
- 1:25 – 1:35 pm** **Break**
- 1:35 – 1:55 pm** **BioMove Case Studies: Joshua Trees and Blue Oaks**
Lee Hannah, UC Santa Barbara
- 1:55 - 2:15** **Potential Climate Change Impacts on the Desert Tortoise**
Ken Nussear, U.S. Geological Survey
- 2:15 – 2:30 pm** **Closing Remarks and Open Discussion**
