 - Webinar ID: 864 8958 5281
 - International numbers available: <https://wildlife-ca-gov.zoom.us/j/86489585281>

Instructions for persons with disabilities

Persons with disabilities needing reasonable accommodation to participate in public meetings are invited to contact the CDFW's Equal Employment Opportunity (EEO) Office at (916) 902-9097 or via email at EEO@wildlife.ca.gov. Requests for meeting accessibility should be received as soon as possible prior to the meeting to ensure the request can be accommodated.

Guidelines for Public Questions and Comments

This year, California Department of Fish and Wildlife's annual Salmon Information Meeting will be held in person at the California Natural Resources Headquarters Building, at 715 P Street, Sacramento CA 95814. The meeting will also be held online in a streaming-only format available for viewing. You will only be able to ask questions if you attend the meeting in person. At the end of each presentation, there will be an opportunity to ask questions.

Due to the volume of attendees in recent years following the transition to a virtual platform, CDFW will be receiving comments on ocean salmon season development through an online survey as opposed to the traditional open panel discussion. The survey link will be made available during the meeting and posted alongside the meeting's informational materials on CDFW's salmon preseason process [webpage](#). Please keep feedback appropriate, constructive, and relevant to the development of 2026 ocean salmon fishing seasons.

If you have further questions about joining and participating in the webinar, please click on the following link: <https://support.zoom.us/hc/en-us/articles/115004954946-Joining-and-participating-in-a-webinar-attendee>
