

Final Selection Panel Review

0077

Petaluma River Watershed Agricultural Activities For Improving Water Quality
Southern Sonoma County Resource Conservation District

Applicant amount requested: \$1,910,954

Fund This Amount: \$0

The Selection Panel affirms its earlier recommendation not to fund. One comment letter was received from the applicant referencing budget materials that had been submitted, although after the deadline. The information was not considered by the Selection Panel. Further, the Selection Panel recognized other limitations of the proposal identified by the technical panel, such as the lack of a complete conceptual model and the lack of monitoring and photo-documentation. The Selection Panel urges the applicant to refer to the technical reviews for this proposal to further clarify the deficiencies of this proposal.
